

**Canyon Reservoir Advisory**  
**June 17, 2019**

The U.S. Army Corps of Engineers will increase flows from Canyon Reservoir to 450 cfs this morning, June 17, 2019. Due to ongoing maintenance, USACE will shut down both gates mid-week for up to half a day, with flows resuming at 450 cfs afterward. Flows will be decreased to 330 cfs for the weekend. Updates will be posted as they become available.

Property owners, recreationalists and other stakeholders should take notice of the changing river flows. Additional information about Canyon releases and other stream flow data may be found at <https://bit.ly/2NI2HTz>.
