

### **Parks Closure Extended to April 30, 2020**

Following the closure of all Texas state parks, GBRA parks, including Coletto Creek, Lake Wood, and Nolte Island, will remain closed to visitors until April 30, 2020, in an effort to minimize the impacts of coronavirus (COVID-19) on park staff and visitors, as well as the community at large.

GBRA will continue to evaluate its park operations and follow guidelines by health experts to determine the best course of action to protect people and their parks going forward. We appreciate your cooperation and patience during this time of uncertainty.
